*Dear Friends,*

*We are hearing more and more often about the need to control globalisation.*

*On the other hand we very seldom hear institutional proposals put forward to allow the democratic achievement of this objective.*

*The Federalist Debate intends to become the promoter and an active part of this political debate, not only on the federalists' side but also with non-governmental organisations, from which it intends to obtain and to which it intends to offer opportunities of reflection.*

*Our subscribers' support is vital for the Federalist Debate to go ahead with this project.*

*Therefore we would be very grateful if you could subscribe to our journal by filling in the form on the back of this flyer, or directly through the subscription page on our website.*

*We thank you in advance,*
